Dear District Resident:

We are required by law to provide you with a Consumer Confidence Report that informs you about your drinking water. To save on the expense of printing and mailing this report, we are making the report available on the web and by request. You are welcome to view the report online at

http://www.eastboulderwater.com/CCR_2006.html

You may also request a copy from us by contacting

Bob Champ, Secretary
East Boulder County Water District
7557 Empire Dr.,
Boulder CO 80303
303-499-5773
rchamp39@comcast.net

Our official report is minimal since we simply pass on water purchased from the City of Lafayette. To obtain a copy of the City's water quality report, go online at

<http://www.cityoflafayette.com/files/ccr20062.pdf>

or call Lafayette Public Works at 303-665-5588 ext. 3328,

If you have received this report but are not the primary water user for this property (for example, you own the property but do not live there) please forward this report to the water user or ask them to contact us so that we can send them this report.

Sincerely,

Michael Deck
President
